

The responses to bidders' inquiries are provided for the bidders' convenience only. In some instances, the question and answer may represent a summary of the matters discussed rather than a word-for-word recitation. The responses may be considered along with all other information furnished to prospective bidders for the purpose of bidding on the project. The availability or use of information provided in the responses to contractors' inquiries is not to be construed in any way as a waiver of the provisions of Section 2-1.03 of the Standard Specifications or any other provision of the contract, the plans, Standard Specifications or Special Provisions, nor to excuse the contractor from full compliance with those contract requirements. Bidders are cautioned that subsequent responses or contract addenda may affect or vary a response previously given. Inquiries along with responses may be posted at the website only when the inquiries are submitted in any of the acceptable manner prescribed under the Notice to the Contractors and when the responses have already been communicated to the individual inquirers. Bidders' inquiries received over the phone must be followed-up and submitted in writing for an official response.

The Bidders' inquiries and Responses may be updated from time to time and bidders are enjoined to check the website regularly and immediately prior to the scheduled bid opening.

1.0	<p>Question_1: Does Caltrans have earthwork cross sections for this project in paper or electronic format. If the answer is yes, when can the paper format be picked up at the district office or when will Caltrans be posting the electronic format on their website?</p> <p><b>Response: Pending.</b></p>
2.0	<p>Question_2: Considering the complexity of this project, the cost plus time requirement, and the fact that Contract 07-286904 bids on the same day as this one, and Contract 07-260-704 bids on 12/01/11, we respectfully request a three week postponement of the bid date.</p> <p><b>Response: Pending.</b></p>
3.0	<p>Question_3: Reference the Table on Page 84 of the Special Provisions. This table indicates work shall start on 10/31/11. Considering the bid date is 11/17/11 (with a potential change as request above) and contract award is 30 days later and execution of the contract will likely take another 30 days, it seems the work should start on or about 02/01/12. Should the State grant the above request, the start date would likely be on or about 03/01/12. Please revise the table to reflect actual start dates.</p> <p><b>Response: Pending.</b></p>
